I am a LEAN Project Manager who loves to establish value-creating cooperation across organisations, cultures and teams. I am liked and respected by my peers for being empathetic, setting clear goals, and finding the solutions required to reach them. I enthusiastically assist teams to obtain world-class perfor...

Experiență

Project Manager

Eilersen Electric Digital Systems A/S

iun. 2018 – ian. 2019 · 8 luni

Kokkedal, Region Hovedstaden, Danmark

- The company is in a phase of strong growth and has constructed a new domicile thereby tripling its building area.
- I am responsible for setting up four new production flow lines and relocating all production- and technical equipment to the new building.

Production and Logistics Manager

Kurt Nielsen

ian. 2013 – aug. 2017 · 4 ani 8 luni

- In collaboration with an external expert, I identified a manufacturer in China, which could produce forged jewellery and built our own 13-person workshop within a factory with 1.100 employees in the Henan province.
- I stayed for 3 months by the factory in order to get the production and qua... [Vizualizați mai multe](#)

Business Owner

Juel Nielsen Forest & Agriculture Investments A/S

2007 – dec. 2012 · 5 ani

- I established a forest estate broker company, which identified, analysed, sold and successively undertook the professional operation of large scale forestry in Romania. o In-depth investment analysis of available forestry estates led to purchase of 11.000 hectares of production forest for approx. € 20 million and included establishment of a forestry operation company in Romania.
- My clients included several Danish family offices as well as the Stena-line family from Sweden and Caisse d Epargne from France. It was, and still is, a very profitable and successful business for all parties.
- Company acquired by Holzindustrie Schweighofer GmbH in Dec 2012 [Vizualizați mai puține](#)

General Manager

Torsana Laser Technologies

ian. 2001 – ian. 2007 · 6 ani 1 lună

- Production of laser products for chemical analysis and microscopy for a few key customers in Germany, England and Japan.
